Vol. II No. 1

Dear Customer:

Due to unprecedented demand from discriminating collectors, Steve Ivy Rare Coins proudly offers you an extensive selection of ANACS certified coins.

More and more collectors are purchasing ANACS certified coins because they recognize the ANACS as being the most important impartial grading service available in numismatics.

In addition to the wide selection of ANACS certified coins, we also offer you our usual array of equally high quality coins that do not carry ANACS papers. You may notice that some of the ANACS certified coins are more expensive than coins of the same grade that do not carry ANACS certification. The reason for this is the substantial amount of time required for ANACS certification and the additional costs incurred.

We invite you to review the listings on the following pages and to discover for yourself the wide selection of top quality rare coins offered at reasonable prices. Make your selections and call one of our friendly, professional numismatists now. These coins are highly demanded and won't be in our inventory very much longer!

Sincerely,

Michael W. Sherman

Special ANACS Section

All coins in this section are accompanied by ANACS certificates with grades as indicated in this listing.

LARGE CENTS

- 1853 MS (65/65) Full, bright mint luster enhances this lovely example of an original, unspotted Large Cent. Just a hint of pale, reddish color. An excellent type coin representative. 2,750.00
- 1855 MS (65/65) Rich, golden mint bloom accents this very well struck specimen. This coin is the "Upright 5's" variety and would make a handsome addition to your collection. 2,750.00

INDIAN CENTS

- 1859 MS (65/65) First year of issue, and due to the reverse design without the shield, a one year type. Fully lustrous and very sharply struck, two desirable and unusual attributes for this year cents. 1,850.00
- 1864 Proof (65/65) Bronze. Absolutely original and unspotted, highly unusual for proof Indian Cents. The obverse has toned to a pale green, the reverse a bit darker ochre color. Exceedingly scarce as only 150 were struck in late 1864. This has to be in the top 10% as far as quality of the remaining collectible pieces. 1,750.00
- 1902 Proof (65/65) Bright, fiery luster with the appearance that it was struck within the past few years, not 80 years ago! An outstanding specimen. 950.00
- 1909 Proof (67/67) An absolutely peerless example of this last year of the series. Virtually untoned, with full, blazing original mint luster. A rare opportunity for the perfectionist. 1,250.00

LINCOLN CENTS

- 1909-S MS (65/65) VDB As bright and lustrous as if it had just been picked from an original roll. This is one contemporary coin which has for many years been tagged as the key to the Lincoln Cent collection. Most of the 484,000 struck saw circulation and very few were held back. Don't wait too long to order this one, or you will miss an opportunity for an "ANACS Certified" '09-S-VDB. 1,750.00
- 1911 Proof (65/65) It is highly unusual to find a matte proof cent which has not toned down quite darkly, but this is an example. Bright reddish color with some sea green present as a contrast. This piece has lots of eye appeal. 1,250.00
- 1911 Proof (65/65) A matte proof specimen with the typical "sandblast" finish. This piece has toned to a deep seagreen and blue, very complimentary for a copper coin. High, sharp wire edge. . . 1,250.00
- 1915 Proof (65/65) Richly toned to a chestnut color. No carbon spots or visible imperfections. A better proof date too. 1,350.00

TWO CENT PIECES

- 1864 MS (65/65) Small Motto variety. The outstanding defect free surfaces are complimented with deep golden luster. Common date Two Cent Pieces are quite difficult to locate, but a small motto variety this nice speaks for itself. 2,450.00

THREE CENT PIECES (NICKEL)

- 1875 MS (65/65) Original mint brilliance and sharply struck with full linear separation in the Roman Numerals on the reverse. 1,250.00
- 1878 Proof (65/65) Scarce as a "Proof Only" issue. Just 2,350 pieces were struck and many of these have been impaired or harshly cleaned. This bright, untoned piece is certainly exceptional. . . 1,650.00
- 1880 Proof (65/65) Bright and untoned. Absolutely no distracting spots or hairlines as is normally so prevalent on Three Cent Nickel Pieces. 1,450.00
- 1881 Proof (65/67) Another white, brilliant example of this curious series. Hairline-free surfaces add to the appeal. . 1,550.00
- 1882 Proof (65/65) Just a hint of pale golden patina on both the obverse and reverse. Only 3,100 proofs were coined. . 1,450.00
- 1882 Proof (65/67) Superb mint frost accents the devices while the fields are mirror-like. This coin has been carefully preserved for its 100 years of existence and is destined for the finest collection. 1,550.00
- 1883 Proof (67/67) Perfection in a Three Cent Piece! This statement is not only the cataloger's, but is accompanied by the coveted ANACS Certificate stating its authenticity and grade as a Proof 67-67. Need we say more about this pristine piece? 1,750.00
- 1885 Proof (65/65) A scarcer date in the series. Original brilliance with a bit of golden patina on the obverse and reverse. 1,450.00

THREE CENT PIECES (SILVER)

- 1861 MS (65/65) Strike is an important consideration in the Three Cent Silver series, as many come poorly struck due to their tiny size. This piece exhibits virtual full strike characteristics; stars on reverse, shield on obverse, and lettering. Also, the full mint luster is enhanced by iridescent blue and golden peripheral toning. A very pretty coin. . . 2,850.00
- 1861 Proof (65/65) Only 1,000 proofs were struck. The reflective mirror surfaces are interestingly toned in hues of deep magenta, steel blue and green. A perfect representative for a "type" trime. 3,250.00

THREE CENT PIECES (SILVER)

- 1862/1 MS (65/65) Overdates are always interesting examples of coinage. When the mint tries to cut corners, either for budget or time, the end result is a coin that is readily in demand because it has two (or more) discernible dates on it. This entirely original specimen is well struck with greenish, golden peripheral toning as well as the remnants of a 1 under the 2 of the date. This is one of the best we have seen. 2,850.00
- 1863 Proof (65/65) Superb bright golden and deep violet toning make this rare proof issue (460 were struck) even more desirable than just its own scarcity. Surely one of the highest quality examples known today. Please call soon to reserve this beauty. 3,250.00
- 1864 Proof (65/65) Another seldom encountered rare proof specimen. Few collectors requested proofs from the mint in these troubled years of the civil war. Multi-colored hues accent the surfaces. 470 pieces were coined as proofs. 3,250.00
- 1867 Proof (65/65) A difficult date in the series in either proof or as a business strike. This piece displays rather deep, original tones over hairline free mirror-like surfaces. 625 were minted. . 3,250.00
- 1868 Proof (65/65) Splendid multicolored toning enhances this specimen. 600 proofs were coined and this is a lovely example. 3,250.00
- 1869 Proof (65/65) The obverse is bright violet at the center and blends to deep sea green in the fields. The reverse is a delicate green color. This is a superlative example with hairline and defect free fields too! Another low mintage year (600 coins). 3,250.00
- 1870 Proof (65/65) A pristine "trime" with delicate original patina. Few examples still remain this nice. 3,250.00
- 1871 Proof (65/65) Mostly brilliant with frosted cameo-like devices amid mirrored fields. Just 960 were made. 3,250.00
- 1872 Proof (65/65) Another virtually flawless example of this underrated type. Deep original toning on satin surfaces. 3,200.00
- 1873 Proof (65/65) Last year of issue with a production of only 600 pieces. This coin is toned a deep sea green and rose combination and is far above average for the normal example found. 4,150.00

HALF DIMES

- 1833 MS (65/65) A beautiful untoned specimen exhibiting deep mint frost and an unusually sharp strike. In fact, all of the stars are fully defined on the obverse. This piece will fit the nicest type set or bust half dime collection. 5,750.00

HALF DIMES

- 1849/6 MS (65/65) An interesting overdate with the remnant of the "6" clearly visible under the "9" of the date. Pleasingly lustrous with some golden patina on the obverse. Very scarcely seen in uncirculated condition. 3,250.00
- 1860 Proof (65/65) Medium bluish-golden patina. Sharp and attractive. This was the first year of issue with the legend on the obverse, 1,000 were struck. 2,450.00
- 1862 Proof (65/65) Blazing multicolored toning on the obverse gives this piece a rainbow like appearance. If the beautiful colors aren't enough, the mintage is a scant 550 coins, total. Surely, this is one of the finest collectible pieces available. 2,450.00
- 1864 Proof (65/65) A very scarce dated half dime. Only 470 proofs were coined. Soft golden color on the obverse, while the reverse displays bright and beautiful peripheral colors of the rainbow. 2,950.00
- 1866 Proof (65/65) Fully brilliant with a deep cameo-like appearance. Proofs which display frosted devices and lettering with contrasting reflective fields are currently one of our most sought after varieties. Also, this is considered a scarce year as only 725 proofs were made for collectors. 2,650.00
- 1867 Proof (65/65) A bit of peripheral golden color. Deep lustrous surfaces with a knife-like wire edge, characteristic of proofs. Only 625 were made. 2,950.00
- 1873 Proof (65/65) The final year for the Half Dime series. Predominately blue and gold colors accent this otherwise brilliant specimens. 600 proofs were struck. 2,850.00

SHIELD NICKELS

- 1868 MS (65/65) Very sharply struck with just a bit of pale blue patina. An excellent type Shield Nickel. 1,950.00
- 1877 Proof (65/65) The key date of the Shield series. Of the estimated mintage of 500, most of the specimens we examine are problem coins that have either been harshly cleaned or display numerous carbon spots. Fortunately, this example has escaped both of these misfortunes and was carefully stored over the years. Of course, the prestigious ANACS Certificate accompanies this specimen to its new owner. Very reasonably priced at 4,750.00
- 1879 Proof (67/67) Fully brilliant and untoned. It is doubtful that a finer example still exists. This piece is literally as nice as the day it was coined. 2,250.00
- 1882 Proof (65/65) Sharp and distinctive. A bit of golden patina has accumulated over the years. 1,850.00
- 1883 Proof (65/65) Brilliant with unusually deep mirrored fields for a proof nickel. A truly fine type Shield Nickel, the last year of the design. 1,850.00

LIBERTY NICKELS

- 1884 Proof (65/65) A glittering, untoned specimen without the normal detracting hairlines, spots etc. so commonly encountered. We guarantee this piece will please even the fussiest collector. 1,450.00

LIBERTY NICKELS

- 1885 Proof (67/67) We seriously doubt a finer '85 nickel exists! Very faint gold and blue colors. Now is certainly your opportunity to purchase this key date in the Liberty Nickel series at a considerable savings of what it would have cost a couple of years ago, even if you could have found such a magnificent specimen. 4,250.00
- 1886 MS (65/65) Brilliant with defect free surfaces. A scarce date in the series as a business strike. 2,750.00
- 1887 MS (65/65) Fully struck on the obverse and reverse. Untoned and original. 1,350.00
- 1888 MS (65/65) Fully struck. Mostly brilliant obverse with deep gold colors on the reverse. A very desirable date. 1,450.00
- 1892 MS (65/65) Faint steel blue patina. No detracting hairlines or spots hinder the beauty of this piece. 1,350.00
- 1902 Proof (65/65) Brilliant obverse, lightly toned reverse. For a fine type set. 1,350.00
- 1904 MS (65/65) Deep frosty mint luster accents this well struck beauty. Completely untoned. 1,150.00
- 1905 Proof (65/67) Sharp and attractive. Pale gold and blue patina. Free of the normally seen hairlines. 1,350.00
- 1910 Proof (65/65) Nice original toning. This coin also exhibits an exceptionally high, sharp wire edge, as caused by the multiple strikes of the dies on proof coins. 1,350.00
- 1912-S MS (65/65) This is a very seldom seen date indeed, but to find one that also has the ANACS Certificate with it is almost unheard of. This piece is an even deep gray color (as most are) with an extremely sharp strike. We have priced this rare date at a very fair level, so call us toll free to reserve it. 2,750.00

BUFFALO NICKELS

- 1913 Proof (65/65) Type one. Raised ground. A truly pristine example of this highly desirable one year type Buffalo Nickel coined in matte proof. Basically untoned except for a bit of pale golden patina, this is a textbook sample of matte proof coinage; razor sharp strike on bright but not polished surfaces, and a high, squared wire edge. Don't miss this elusive opportunity. Verified by ANACS as both a genuine matte proof, and for its beautiful condition. 5,950.00
- 1913-D MS (65/65) Type one. Raised ground. Very light original toning over brilliant lustrous surfaces. Very sharply struck as well. 575.00
- 1913-D MS (65/65) Type one. Raised ground. As above but more deeply toned, particularly on the reverse. Sharp strike. 575.00

SEATED DIMES

- 1858 Proof (65/65) A very scarce proof issue, especially in this original, uncleaned state. It is estimated less than 100 were made, and only a handful remain which have escaped harsh cleaning or mishandling. Deep sea green toning accents this piece. 5,950.00
- 1859 MS (65/65) Fully struck with an edge so sharp, it resembles that of a proof. An excellent example of the "stars of obverse" type Seated Dime. Moderate toning. 3,950.00

An important announcement...

Now you get more money for your coins because you pay only 10% commission!

Now, for the first time, you may consign your rare coins to Steve Ivy Numismatic Auctions, Inc. at 10% or less commission. We have split the commission by having a 10% buyer's charge so that you, the consignor, never pay more than a 10% commission rate.

This means more money to you for your consignment! Plus, on larger consignments, your rate may be lower than 10% — meaning even more savings for you!

We help you get the highest possible prices.

At our auctions, you not only get the lowest possible commission rate, you also get the highest possible prices for your coins.

We help you get top prices by reaching the greatest number of potential buyers through these proven ways:

- Extensive national advertisements and publicity.
- Pre-auction display of your coins at major shows.
